The cost of this project is not an expense that the county budget can withstand at this time. Mike Kelly, who is also associated with Western Nebraska Bank, informed the board that WNB would be willing to finance the project at a low interest rate. McPherson County has additional paved roads needing repair which continue to be

under review by the commissioners. The board did not think it was prudent to take on the expense of paving the mile of Prairie Trace Road in light of the problems with all of the paved roads in the county. Further discussion was held about the possibility of changing the mile of road to a covered, gravel road. This project has been and is currently on the road plan.

At 10:00 AM, Eric Kamler from Congressman Adrian Smith's office, joined the meeting via telephone. Mr. Kamler gave updates on policies and current issues.

Mr. Kamler said that the Congressman is keeping a close eye on this project and they are waiting for more details to emerge. They recognize the importance and concerns related to this issue and will forward information, as soon as possible, to the citizens of the counties and State of Nebraska. The board made no decisions at this time concerning the 30x30 Project. The matter will be revisited at the regular meeting in May.

At 10:30 AM, Rich Cook was present to visit with the board about contracting with the county as McPherson County Veteran's Service Officer. Randy Fisher, Terry Neal and Harold Arensdorf were also present to discuss the matter with the commissioners. The Commissioners discussed county roads with Ed Black. Ed reports, the road crew has been working on fixing soft spots in roads, fixing holes and adding cover where needed.

Ed informed the commissioners that the Payloader will be going in for repairs by next week.

Jack Tucker and John Tucker were present and addressed the board concerning a request for road work they had submitted for the Bull Ranch Road. This project was added to the county road plan. It was agreed that the Tuckers will remove an Auto Gate and complete some dirt work prior to the county delivering rock. Due to water issues on this road, the rock will be delivered by dump truck and not the semi-truck and trailer. The Tuckers have agreed to cost-share the rock with the county.

Judie Kramer and Bruce Kramer were present and addressed the board concerning a request for road work they had submitted for Kramer Road. This road needs a narrow auto-gate replaced with a 16-ft auto-gate and sills. The road has two additional auto gates which need the ties replaced with concrete. The request submitted by the Kramers, asked about possible reimbursement for a culvert which they had replaced. The county has not reimbursed landowners for culverts in the past so the request was denied.

The county will roll in the road from the east side and add gravel after the existing fence has been moved by the Kramers. Mr. and Mrs. Kramer have agreed to cost-share the gravel with the county. These projects were added to the county road plan.
